## TOBACCO SEED

|                       | Per Lb. |
|-----------------------|---------|
| Connecticut Seed Leaf | \$ 2.50 |
| Havana                | 2.50    |
| Missouri Broad Leaf   | 2.50    |
| White Burley          | 2.50    |
| Judy's Pride          | 2.50    |

CONDITIONS OF SALE: This list cancels all previous quotations. These prices are for prompt acceptance, subject to prior sale and our further confirmation, and to change without notice. Prices are f. o. b. St. Louis, Mo.

NO CHARGE will be made for small cotton bags used in packing garden and flower seeds in broken bag lots, other than the quantity differential price. Heavy seamless cotton bags will be charged at value and are not returnable.

TERMS: Garden and flower seeds 2 per cent for cash in 10 days, net 60 days to firms of approved credit; otherwise C. O. D. or sight draft less 2%. Other items net cash. All accounts subject to demand draft when due. NOTE: To avoid delay when sending money orders or cash in advance for orders to be sent parcel post, please include postage covering your shipment.

NOTICE: The total quantity of a kind or species shipped at one time will determine the quantity classification in which all varieties in that kind or species will be priced except that broken bag lots shall not be considered in determining the quantity class, and each variety bought in less than bag quantity shall be priced by itself.

In determining quantity classification the following kinds of seed will be considered as of the same species:

- I. Beans and Peas
- II. Corn: Table, Pop & Sweet

- III. Beet, Swiss Chard, Mangel & Sugar Beet
- IV. Celery and Celeriac

## CORNELI'S TRIPLE KILL

KILLS INSECTS  
• BY CONTACT  
• BY STOMACH POISONING  
• BY PARALYZING LEGS & WINGS

T. M. REG. U. S. PAT. OFF.

### GARDEN SPRAY

PERMANENTLY PARALYZES the legs and wings of some insects not hitherto effectively controlled by spraying. Insects so paralyzed that cannot fly or walk do not recover and the U. S. Department of Agriculture considers them dead. (See U. S. Treasury Specification No. 311.) Actual tests have shown effective control of the following stubborn insects:

|                             |                   |                     |
|-----------------------------|-------------------|---------------------|
| Red Spider                  | Mealy Bugs        | Leaf Hoppers        |
| White Fly                   | Leaf Roller       | Aphids (Plant Lice) |
| Green Fly                   | Rose Chafer       | Colo. Potato Beetle |
| Mexican Bean Beetle         | Cucumber Beetles  | Cabbage Worms       |
| Japanese Beetle             | Harlequin Cabbage | Thrip               |
| Spanish Fly (Bil or Beetle) | Bug               | Flea Beetle         |
| Tomato Worms                | Coddling Moth     | and certain others. |

Dilutions vary from 1 part in 200 to 1 part in 1,000.

TripleKill is harmless to persons or animals if spilled on skin and may be sprayed on edible fruits and vegetables without leaving a dangerous poison residue.

No soap or spreader necessary; mixes readily with either hard or soft water.
